

To Login to the system

After opening the program, you'll see the [Login](#) screen.

- Enter your **login name** and press *Enter* (your username will be displayed next to the [Login Name](#), and organization's name will be shown in the [Organization](#) field).
- Type your **password** and press *Enter*.
- Click the [Login](#) button or press *Enter*.
- If the login is successful, you'll be directed to the main screen.

Please note:

- If your login name is invalid, you're blocked, or your password is incorrect, a [Security Alert](#) message will appear.
- A software license message will show if your license is about to expire or has already expired. After expiration, you can only view data and reports.
- If the software is not activated, it will run in demo / trial mode for 60 days with full access. After the trial period, you can only view data and reports.
